

Excursion Policy

Policy Statement

Excursions are planned to reinforce children's learning outcomes and strengthen their connections and understanding of the community. Detailed planning, risk management and regulatory responsibilities provide a framework for this policy. Our Preschool is committed to providing excursions that are well considered and planned, provide meaningful experiences and ensure the health, safety and wellbeing of children at all times.

Policy Goals

Excursions are planned to:

- Create reciprocal links between the Preschool and Community
- Provide the opportunity to expand and enhance children's learning, explore different environments and engage in meaningful ways with community.
- Ensure a high level of safety and risk management

Strategies : How will it be done?

Planning

When planning for an excursion staff will:

- Check current Government advice and restrictions and consider how this may impact excursion planning.
- Assess the requirements for the excursion.
- Conduct a risk assessment.
- Book transport and venues

- Make alternative arrangements for adverse weather conditions.
- Inform families of the details of the excursion including destination, objectives and outcomes, and what the child should bring.
- Provide parents or legal guardians with an excursion permission form to complete to authorise their child to participate on the excursion.
- Collect completed permission forms for each child attending the excursion.
- Request additional adult participation on the excursion where required.
- Arrange for a suitably equipped first aid kit (including EpiPen) and mobile phone to be taken on the excursion.
- Educators must make alternate arrangements for any children who are not attending the excursion and ensure that any dialogue or pre-planning for the excursion does not alienate such children from social networks.
- Additional factors need to be considered in the planning of excursions for children with additional needs. Where possible, our service will uphold the right for all children to access all excursions and engage in meaningful ways while on excursions.

Risk Assessment

The Nominated Supervisor will ensure that:

- A responsible person is appointed for the excursion.
- A risk assessment is conducted prior to any excursion to identify and assess the risk the excursion may pose to the safety, health and wellbeing of any child whilst on the excursion and will specify how the service will manage any risks identified.
- Risks are identified and categorised as high, medium or low and management of the risks will be detailed.
- Educators and any responsible adults attending the excursion are aware of the preschool policy and procedures that set out the instructions for what must be

done in the event of an emergency (regulation 97(1)(a)) and are aware of the risk assessment for the excursion.

- Before departure, risks are checked including the weather to assess any increases to the level of risk and whether the excursion can proceed.

The risk assessment conducted will consider:

Proposed route and destination for the excursion

- Any water hazards
- Any risks associated with water-based activities
- Method of transport to and from the proposed destination, including:
 - The means of transport and any requirements for seatbelts or safety restraints under a law of each jurisdiction in which the children are being transported.
 - The process for entering and exiting the preschool premises and the pick-up location or destination.
 - Procedures for embarking and disembarking the means of transport, including how each child is to be accounted for on embarking and disembarking.
 - Number of adults and children involved in the excursion
 - Given the risks posed, the number of educators or other responsible adults that is appropriate to provide supervision and whether any adults with specialised skills are required to ensure children's safety.
 - Proposed activities.
 - Proposed duration of the excursion.
 - Items that should be taken on the excursion.
 - Access for emergency services.
 - Availability of toilets, hand washing and shade.

- Adequate mobile phone coverage.
- Strategies for accounting for all children on the excursion, particularly during transition times, to ensure safe departure and return to the preschool at the conclusion of the excursion.
- If the excursion is a regular occurrence a risk assessment will only be carried out once in a 12-month period, where the circumstances relevant to the risk assessment are substantially the same on each outing.

Regular Outing

A regular outing means a walk, drive or trip to and from a destination:

- a. That the preschool visits regularly as part of the educational program; and
- b. where the circumstances relevant to the risk assessment are substantially the same on each outing.

All parents or legal guardians will be asked to sign permission forms for regular excursions on enrolment and at the beginning of each subsequent year. This permission form will include a description of when the child is to be taken on the regular outings.
- No child will be taken on an excursion unless written permission from parents or legal guardian has been received
